Voyager
Commercial Duty Nitrox Generator

Advantages
- Complete state of the art LP/HP Nitrox Generating System
- Silenced and Enclosed for cool and quiet operation
- Pump air or nitrox up to 40% O₂ at the same speed

Features
- Continuous Duty Compressors
- LP rotary screw compressor with intake modulation
- Variable LP air output
- Large LP oil/air cooler with exhaust air fan
- Refrigerated air dryer for extended filter life
- Hankison LP filtration (four filters with a 1000 hr element life)
- Nuvair Membrane System
- Permeate & Fill O₂% Analyzers
- HP compressor pumps:
  - Air - 6000 psi
  - Nitrox - 3600 psi
- InterStage Pressure Gauges
- Digital Cabinet Temperature Gauge
- Digital Heater Temperature Gauge
- LP/HP Hour Meters
- 60,000 cu ft HP filtration
- Easy to remove side panels for maintenance

Options
- Trimix
- Carbon Monoxide Analyzer
- Nitrox Manager
- 90,000 cu ft filtration upgrade
- Dial-a-Pressure Shut Down
- High/Low O₂% Automatic Shut Down
